## THE SEAT THAT GIVES CHILDREN INDEPENDENCE

A highlight in the DRIVING line is the CONCORD ABSORBER XT child car seat for Seat Group I. Equipped with double-layer safety shells and Isofix system, it offers a high level of travel safety. The height and width of the headrest are adjustable. An additional point in its favour is its very comfortable reclining position with extendible leg rests and a long backrest. CONCORD has also come up with new ideas for the seat design: a step and recessed grips enable children to climb in and out of the seat unaided. This means less work for parents – especially during short trips to town involving lots of stops.

Dimensions: **L 57 x W 42 x H 98 cm**

- VARIOSIZE SYSTEM: height- and width-adjustable headrest, strap adjusts and adapts automatically
- PROCOMFORT SYSTEM: sitting/reclining angle adjustable to 5 positions using a lever
- Pressure indicator to ensure safe positioning of the support leg  
Step and recessed grips give children easy access
- Comfortable leg rest
- Extra-long backrest for a long service life or for very big children
- Soft, padded covers, easy to remove and wash
- DOUBLE LAYER IMPACT PROTECTION: double-walled safety shells for optimum side-impact protection
- 5-point harness system for securing the child safely
- Isofix system with additional brace for extra grip and support: for secure installation in the car
- Extra 3-point strap attachment for secure installation in the car
- Optional accessory: COOLY ABSORBER XT
